8th Annual Oxford Bone Infection Conference (OBIC)

Thursday 21st & Friday 22nd March 2019

CALL FOR ABSTRACTS

PRIZES FOR BEST ORAL AND POSTERS SELECTED

Dear Orthopaedic, Plastic Surgery, Microbiology, Infectious Disease, Nursing and allied healthcare Colleagues

The 8th Annual Oxford Bone Infection Conference represents a superb opportunity to communicate and interact with colleagues who manage bone and joint infections.

The aim of this meeting is to share ideas and stimulate discussion. This, we hope, will improve clinical practice and encourage research to strengthen the evidence base in this field.

We need you to **share your ideas, research and clinical findings** with your peers either as a selected oral presentation or selected poster. These can be any projects related to the field of bone and joint infection whether lab based or clinical.

We are also asking for **challenging cases** to be submitted for interactive audience discussion during the conference. These should be submitted in abstract form with a view to providing slides later.

Please submit the best and most thought-provoking abstracts you can muster - the team at OBIC will be very pleased to receive them.

There will be prizes for the best poster and oral presentations.

Dr Matt Scarborough, OBIC Organising Committee
